Dr.A Co.,Ltd

Our mission is to support beauty professionals dedicated to enhancing their customers' natural beauty, empowering them to maximize their societal impact. We are unwavering in our commitment to research and development, striving to provide comprehensive solutions (products, services, and education) tailored for beauty enthusiasts. Our vision is to be a trusted ally for those dealing with skin concerns and to stand alongside beauty experts in their pursuit of health and beauty.

Under the name 'Cellcubator Dr.A,' we aspire to lead the evolution of both domestic and international beauty and therapy sectors, advocating for the empowerment and advancement of all professionals within the beauty industry.

Cellcubator Dr.A[®]

What is a cellcubator?

As a compound word of **Cell** + **Cu(re)** + **(In)cubator**, it helps the growth of skin cells as if taking care of an immature newborn baby, and cures (heals) damaged cells to take care of and help to stand on its own as healthy skin.

What is a Dr.A?

We've reinterpreted the spirit of "Therapy" as "Big and Special Love" and incorporated it into our company name as [大特愛: Da te ai].

※ Therapy : All acts of healing to harmonize and beautify a person's mind and body

AZITS GPLS 5000 CALMING AMPOULE / 50ml

Restore your skin's barrier function!

"The 'GPLS5000 Calming Ampoule' protects the skin from various troubles such as itchiness and inflammation, and promotes healthy skin conditions by helping to restore the skin's barrier function. It contains 20% GPLS-5000 (Patent No. 10-2364260 for a skin soothing complex composition), which has increased anti-inflammatory and antibacterial efficacy compared to the existing saponin (ginsenoside) component. It has been tested for sensitive skin irritation, calming physical irritation, and dryness. Its effectiveness has been proven through an itch relief test."

Patent Ingredients

GPLS-5000 (Patent No. 10-2364260)
complex composition for skin soothing

- Improves immunity and protects skin, soothes skin
- Activates collagen
- Anti-inflammatory, antiviral, and antioxidant effects
- Antifungal and additional anti-inflammatory effect
- Inhibits tyrosinase, providing a whitening effect

Completed Safety and Efficacy Evaluation Test

- Completed sensitive skin irritation test (0.00)
- Completed physical stimulus soothing effect test
- Reduced transepidermal water loss (improvement rate : 98.91%)
- Reduced skin redness (improvement rate : 81.78%)
- Completed dryness-induced itch relief (skin barrier) effect test
- Completed skin safety evaluation

How to use

After washing your face in the morning and evening, take an appropriate amount and apply gently to absorb. It can be used additionally depending on the area needed.

Main Ingredients

- **Centella Asiatica Extract** - Wound healing, anti-inflammatory, soothing, stimulates collagen synthesis, antioxidant, melanin inhibition
- **White Rice Flower Extract** - Vitamin B, antioxidant, anti-inflammatory action
- **Allantoin** - Improves skin recovery, retains moisture, soothes inflammation
- **Ceramide** - Natural moisturizing factor, skin protection, moisture barrier reinforcement, oil and moisture balance
- **Hyaluronic Acid** - Moisturizing effect
- **Panthenol (Vitamin B5)** - Moisturizes skin, relieves dead skin cells, improves skin barrier
- **Glycerin** - Moisturizing, softening skin
- **Adenosine** - Wrinkle improvement functional ingredient
- **Niacinamide** - Whitening functional ingredient

Managed

Sensitive skin, problematic skin, all skin types

- When seeking to restore skin barrier function
- When requiring daily care for problematic skin
- When in need of rapid skin soothing due to dryness and itchiness
- When dealing with easily reddening sensitive skin When seeking skin protection from various irritations and stress
- When aiming to restore skin immunity

AZITS ACPEACE CREAM / 100ml

Skin barrier trouble soothing

'aazits AC peace cream' helps to improve skin barrier and restore skin energy through GPLS-5000 (Skin Soothing Complex Composition Patent No. 10-2364260) with increased anti-inflammatory and antibacterial efficacy compared to existing saponin (ginsenoside) ingredients. and quickly soothes sensitive skin from external stimuli to make it healthy and beautiful.

Patent Ingredients

GPLS-5000 (Patent No. 10-2364260)
complex composition for skin soothing)

- Immunity improvement and skin protection, skin soothing effect
- Collagen activation effect
- Anti-inflammatory, antiviral and antioxidant effects
- Antifungal, anti-inflammatory effect
- Whitening effect by inhibiting tyrosinase

Main Ingredients

- Eocidin (citrus peel extract) - Anti-aging, skin barrier strengthening effect
- Peach tree resin extract - Makes the skin moist and lively.
- TICURONIC ACID - Water luminous effect (hyaluronic acid main component)
- CerasomeComplex Plus - 6 types of ceramide complex (retains skin moisture, strengthens skin barrier function)
- Adenosine - Wrinkle improvement functional ingredient
- Niacinamide - Whitening functional ingredient

Efficacy, Effect

- Excellent skin protection effect
- Effective in improving skin inflammation
- Skin irritation relief and soothing effect
- Helps restore skin barrier function and improve condition

Managed

Troubled skin, oily & acne skin, all skin types

- Those who need cosmetics suitable for troubled (acne) skin
- Anyone who wants clear and clean skin
- People with oily and rough skin

- Phyto MA:U - Antioxidant, moisturizing (natural ceramide)
- Arabidopsis thaliana extract - Acceleration of skin metabolism and prevention of trouble caused by stress
- Jeju green tea extract - Soothing, whitening, antioxidant effect
- Adenosine - Wrinkle improvement functional ingredient
- Niacinamide - Whitening functional ingredient

Overseas Certification

- FDA, CPNP, NMPA, CBMP-PCV (VT)

How to use

After washing your face in the morning and evening, take an appropriate amount and apply gently to absorb. It can be used additionally depending on the area needed.

Anti-aging secret found in blood!

To save your skin... Shouldn't it go beyond being 'pro-natural' and take a step further as 'pro-human'? This research began with such a thought. A fundamental and simple answer that delves into the mechanisms of the human body. 'P1P' is a [Bio Cell Cure Beauty] brand that embodies the principles of the regenerative mechanisms within the human body.

Features

1. Principle : S1P=P1P (Secret of anti-aging)

400 million won per 1g (7,000 times that of gold), applied autologous blood regeneration P1P is an analogue of cell regeneration substances secreted from platelets, which helps synthesize collagen in skin tissue and promotes the production of stem cells and growth factors to keep the skin healthy.

The ability to regenerate is the key to solving almost all skin problems! The key to true skin regeneration is to save cells! As the body ages, the metabolic ability of the body decreases, and as the secretion of S1P in the blood decreases, skin aging begins. As skin aging progresses, the skin regeneration ability decreases. At this time, if P1P, which has the same efficacy as S1P, is supplemented, the cells recover quickly. For skin regeneration, P1P is not an option but a must.

2. Technology : Microemulsion (skin penetration technology is the core of functional cosmetics)

Arbutin permeation 30 times / 3-ethoxy-VitC permeation 20 times / EGF permeation 1000 times Microemulsion technology is a skin penetration technology that is 30 to 1,000 times higher than normal ampoules and safely delivers active ingredients deep into the skin to work effectively.

3. Result : Cell Cure (original natural anti-aging cell cure)

P1P opened the era of Bio Cell Cure 4.0... Now is the era of cell cure beyond skin care. P1P is the world's only and irreplaceable cell cure professional solution that contains the principles of cell regeneration in the human body. P1P, a combination of P1P + nanotechnology, completes skin regeneration that has been lacking only with stem cells and growth factors (EGF).

P1P TENTEN SOLUTION / 3ml*5ps

Fantastic ratio of PDRN and hyaluronic acid!

It is a skin booster made with the best ratio of hyaluronic acid and PDRN, a regenerating ingredient that restores skin.

It is a high-functional ampoule that contains P1P ingredient and DNA extracted from salmon reproductive cells to make the skin tone clear and transparent and help replenish the damaged skin defense.

Core Ingredients

- P1P - Skin vitality, vitality recharge
- PDRN - Anti-aging effect expected
- Hyaluronic Acid - Moisturizing
- Peptide - Collagen activation (anti-aging)
- Adenosine - Wrinkle and elasticity management
- 14 kinds of adenosic acid - Skin nutrition supply
- Cyanocobalamin - Vitamin B group (moisture energy supply)

Managed for all skin type

- Skin with reduced elasticity
- Those who are worried about slow skin regeneration
- Wrinkled skin
- Lifeless, crumbly skin

How to use

3ml per use, 10 weeks at 2-week intervals

P1P DR. MAGIC CARE AMPOULE / 5ml*100ps

Autologous blood regeneration principle!

P1P Dr. Magic Care Ampoule is a professional ampoule that cures core cells and works effectively for professional and intensive care.

It helps to normalize the cell regeneration cycle, so you can feel the vitality that comes alive every day.

Main Functions

- Reduction of skin aging [wrinkles (reduction of wrinkles)]
- Brightening (reduction of melanin)
- Regeneration (acceleration of regeneration)
- Anti-aging (anti-cell aging)
- Skin permeation (maximization of effect)

Managed sensitive skin, all skin types

- Skin that needs quick recovery after special care such as MTS, laser, peeling, etc.
- Skin that is prone to fine wrinkles and loses elasticity due to dryness
- Dull and dark skin tone
- Those who have lost skin elasticity
- Those whose skin turns red easily

How to use

2~3ml per use

P1P+A MAGIC CARE

Crystal of anti-aging found in blood

A micro-emulsion ampoule made of P1P and tranexamic acid, which provides immediate vitality and energy to the skin and helps to increase collagen, restoring the skin's natural youthfulness.

Main Ingredients

- **Cell Cure** - P1P, MGF, centella asiatica extract (Madecassol raw material)
- **Wrinkles** - Peony root extract
- **Whitening** - Tranexamic acid, moth extract, licorice extract
- **Moisturizing** - White throat mushroom (natural hyaluronic acid), inositol, natural organic sulfur (MSM), willow buck extract

Managed

Wrinkle, whitening intensive care

- Thin and dry skin that easily reddens
- Skin with reduced skin elasticity
- Dry, wrinkle-prone skin
- Dull and dark skin tone

How to use

For skin care : 2~3 mL per use

P1P+A MELA CARE

From visible stains to hidden ones, as well as radiance, all at once~

Tranexamic Acid, known as an edible melasma medicine, and P1P meet to create an extreme whitening effect. It brightens and vitalizes the skin tone and treats blemishes and blemishes to give the skin a transparent and radiant radiance from the inside.

Main Ingredients

- **Cell Cure** - P1P, centella asiatica extract (Madecassol raw material)
- **Whitening** - Tranexamic Acid (freckles suppressant ingredient)
- **Soothing** - Mortar extract
- **Nutrition** - Lecithin
- **Moisturizing** - Arginine, Panthenol, Bacillus/Soybean Fermented Extract

Managed

Whitening, melasma intensive care

- Dirty looking skin with blemishes
- Dull and dark skin tone
- Skin that wants to be protected from UV rays

How to use

For skin care : 2~3 mL per use

P1P+A AC REPAIR

It controls the core cells and restores the health inside the skin.

The combination of Totarol (Totara tree extract), a natural antioxidant, and P1P instantly soothes sensitive skin and helps to soothe troubles caused by external harmful environment stimulation and stress.

Main Ingredients

- **Cell Cure** - P1P, MGF, centella asiatica extract (Madecassol raw material)
- **Antibacterial/anti-inflammatory** - Totalol
- **Soothing** - Rooibos extract
- **Whitening** - Tranexamic acid, moth extract
- **Moisturizing** - White throat mushroom (natural hyaluronic acid), natural organic sulfur (MSM), peony root extract

Managed

Oily, acne intensive care

- Skin with oily skin that easily gets into trouble and easily removes makeup
- Skin prone to pimples and troubles due to stress
- Skin with uneven skin tone due to acne spots

How to use

For skin care : 2~3 mL per use

P1P+A SKIN CREAM

Perfect regenerating cream that helps core cell recovery, circulation, and regeneration

As a regenerating cream that maximizes the efficacy of P1P ampoule, it moisturizes the dry and sensitive skin before and after various procedures to shorten the recovery time of the cell barrier, promote regeneration and circulation, and strengthen the self-renewal power of cells.

Main Ingredients

- **Cell Cure** - P1P, MGF, centella asiatica extract (Madecassol raw material)
- **Skin protection (antibacterial, anti-inflammatory)** - Totalol
- **Conditioning** - Mugwort extract, natural vitamin E inducer
- **Moisturizing** - White throat mushroom (natural hyaluronic acid), natural moisturizing ingredient (NMF)

Managed

sensitive skin, all skin types

- Skin that loses a lot of moisture in the stratum corneum during special care such as MTS, laser, peeling, etc.
- Fine wrinkles, skin that needs elasticity management, dry skin

How to use

For skin care: 1~2 mL per use

Triple care line functionality
: P1P +A triple magic

Triple care line basic
: P1P +A triple magic

P1P+A TRIPLE MAGIC MASK / 20gX10pcs

P1P ampoule and MG gel meet
to complete an instant cell cure

By mixing the P1P ampoule with the essence of superfood 10 (sweet almond, oat kernel, soybean, blueberry, orange, kale leaf, yogurt, pumpkin, broccoli, salmon roe) extracts, the active ingredients and nutrients are effectively delivered deep into the skin. It quickly restores tired skin. MG gel sheet is a transparent gel-type sheet made of natural ingredients, which has excellent adhesion and forms a natural skin barrier (protective layer) like a net to prevent moisture evaporation. It keeps dry and sensitive skin as well as all skin moist and clear all day long due to intensive treatment.

Functional Ingredients

- Wrinkles - Adenosine
- Moisturizing - Panthenol, Tocopherol

How to use

Tear off the right pouch along the dotted line on the front of the mask, roll it from the bottom to the top, push the ampoule up, pop it, and pass it in the direction of the left pouch. After rubbing the pouch so that the P1P ampoule is well mixed, take out the mask and attach the gel side to the face. After about 15 to 20 minutes, remove the gel mask and lightly tap the remaining ampoule to absorb.

P1P+A TRIPLE MAGIC SUN BLOCK

/ SPF 50+/PA+++

It simultaneously blocks not only UVB
but also UVA, which is harmful to the skin.

With a stable texture that reduces skin irritation, it has a fresh feeling without stickiness and white cast, and blocks both UVB and UVA at the same time. It contains P1P, a patented substance, that protects the skin from UV rays as well as the external environment and gives vitality to tired skin.

Functional Ingredients

- Sunscreen - Octocrylene
- Wrinkles - Adenosine
- Whitening - Niacinamide

How to use

Take an appropriate amount and spread lightly on the face and body that are easily exposed to UV rays. If the product is removed due to water or sweat, apply it again after removing the water or sweat.

P1P+A TRIPLE MAGIC SKIN TONER

Fresh and light without stickiness!
Toner that helps soothe the skin

After washing your face, it immediately forms a moisture barrier on dry skin to protect the moisture inside the skin. Contains P1P, a patented substance, that gives vitality to tired skin.

Functional Ingredients

- Soothing - Arnica flower extract
- Balance - Multiex Balsam Plus
- Moisturizing - Hyaluronic Acid

How to use

During skin care, it is used for step-by-step skin conditioning and skin pH balance. Take an appropriate amount on a cotton pad and gently wipe the skin from the inside to the outside to prepare the skin.

P1P+A TRIPLE MAGIC MASSAGE CREAM

Strong professional care cream that
completes healthy skin

While massaging with professional massage cream, active ingredients are naturally absorbed and help with skin circulation, oil-moisture balance and complexion purification. It contains P1P, a patented substance, and is a professional care cream for healthy and firm skin.

Functional Ingredients

- Moisturizing - Lecithin
- Balance - Phytoligo
- Nutrition - Witch Hazel Extract

How to use

Using a spatula, take an appropriate amount on your hand and apply gently avoiding the eye and lip areas. After massaging the entire face for about 5 to 10 minutes, finish by wiping lightly with a steam towel.
